

PET Training Seminars

16-17-18 March 2010

Seminar Topics

- Day 1: Technology & Applications of PET Containers
- Day 2: Barrier PET
- Day 3: Recycling PET

The PET container industry growth has slowed down in recent years. However, due to its excellent mechanical and barrier properties and its good recycling capability PET remains the packaging of choice for new products or for conversion from other packaging materials. Also filling technologies are evolving rapidly to meet the demands of filling products like beer, wine, dairy products and pure fruit juices. These seminars provide state-of-the-art information on PET container technologies and offer the opportunity to discuss your specific applications and questions.

The instructors from Plastic Technologies Inc. (USA), PTI-Europe and external experts have between 10 and 20 years of experience in the fields of PET containers, barrier, recycling and aseptic technologies. The seminars are conducted in small groups to allow interaction and networking.

Technology & Applications of PET Containers

1 day seminar on Tuesday 16 March 2010 (8:30 – 18:30)

PET Manufacturing
PET Resin Properties
Preform Injection Moulding
Blow Moulding Processing
Preform & Container Development

Barrier PET Seminar

1 day seminar on Wednesday 17 March 2010 (8:30 – 18:00)

Principles of Permeation
Measurement Techniques
Factors affecting barrier properties
Container Performances
Barrier Technologies
 Active / Passive Barrier
 Monolayer Solutions
 Multilayer Solutions
 Plasma Coatings
 Dip / Spray Coatings
Recycling of Barrier PET
Trends and Future Developments

Recycling PET Seminar (co-presented by members of EPRO)

1 day seminar on Thursday 18 March 2010 (8:30 – 17:00)

PET Recycling & European Regulations
Organizations involved in PET Recycling
Principle of Recycling
RPET Applications
Collection Systems
Sorting Technologies
Washing Technologies
Upgrading Technologies
Regulations for Food Contact Use
Design Parameters

Training Course Information

Seminar location

The training seminars will be held at the premises of PTI-Europe. PTI-Europe is close to the center of Yverdon and only 90km – 1 hour from Geneva Airport.

PTI-Europe
Parc Technologique - Y Parc
Rue Galilée 15
1400 Yverdon-les-Bains
Switzerland

Accommodation

PTI-Europe has negotiated a special rate of Sfr. 200 with the Grand Hotel des Bains in Yverdon-les-Bains for a limited number of rooms per day. These special prices will be guaranteed for reservations made until 2 weeks before the start of the seminar. Please find the contact details below. Please mention PTI-Europe upon reservation.

Grand Hotel des Bains Tel: +41-24-424.64.64
Avenue des Bains 22 Fax: +41-24-424.64.65
1400 Yverdon-les-Bains www.grandhotelyverdon.ch

Fees

Fees include registration, course material, refreshments and lunches, but not accommodation. Fees are payable in advance to PTI-Europe.

Cancellations

Cancellations will be accepted and fees refunded (less 20% handling charge) only if made in writing and received at least 10 working days before the seminar. Bookings can not be cancelled or fees refunded thereafter, but substitutions may be made at any time.

Note

A minimum of 10 training participants are required to proceed with a training seminar. PTI-Europe reserves the right to cancel a training seminar if the limit is not attained. Notification of schedule change will be sent to participants 2 weeks prior to the training.

Seminar selection and fees

- Technology & Applications of PET: Tuesday, 16 March 2010
- Barrier PET: Wednesday, 17 March 2010
- Recycling PET: Thursday, 18 March 2010

Seminar Fee is EUR 800 per day.

(Training participants are allowed to choose 1 day, 2 days or 3 days of training.)

Payment method

Purchase Order or Reference number:

An invoice will be sent to you by mail upon receipt of your registration form. Please add a PO or reference number for proper invoicing, or indicate if not necessary, upon registration.

Please send registration form to: Fax: +41-24-423.95.31
Email: info@pti-europe.com
